

The 7th Chula Eye Soft Cadaver Workshop
 OPRS Unit, Department of Ophthalmology, Chulalongkorn University
 November 29th - December 1st 2017
 Centara Grand at Central World and The Cadaver Center, 4th Floor Padayapatana Building

November, 29th 2017: Convention center, Centara Grand at Central World		
Time	Topic	Speaker
8.00-8.15	Registration	
8.15-8.20	Opening remark	Assoc Prof Prin Rojanapongpan, MD
8.20 -8.40	Surgical instrument and basic surgical technique	Seechompoo Thangsattayatisatan, MD Pawarit Wanichsetakul, MD
8.40 – 9.00	Surgical eyelid anatomy	Assoc Prof Suppapong Tirakhunwicha, MD
9.00-9.20	Epicanthoplasty and epiblepharon correction	Preamjit Saonanon, MD
9.20- 9.40	Open blepharoplasty	Choo Chai Teck, MD
9.40 - 10.00	Minimally invasive blepharoplasty	Warataporn Chanrarit, MD
10.00-10.30	Break	
10.30-11.00	Ptosis repair	Livea Teo, MD
11.00-11.30	Brow ptosis repair	Vannakorn Pruksakorn, MD
11.30-12.00	Lower blepharoplasty	Preamjit Saonanon, MD
12.00-13.30	Luncheon symposium	
13.30-14.00	Surgical anatomy of the orbit and lacrimal system	Keerati Pungpapong, MD
	Anatomy of the orbit in depth (F)	Assoc Prof Thanwa Tangsatit, MD
14.00-14.30	Entropion and ectropion repair	Assist Prof Akihide Watanabe, MD, PhD
	Various techniques of orbitotomy (F)	Weerawan Chokthaweesak, MD

14.30-15.00	Evisceration and enucleation	Assoc Prof Suppamong Tirakhunwicha, MD
	Orbital decompression (F)	Adj Assoc Prof Audrey Looi and Sunny Shen MD
15.00-15.30	Canalicular and eyelid margin repair	Vannakorn Pruksakorn, MD
	Orbital floor repair (F)	Assist Prof Akihide Watanabe, MD, PhD
15.30-16.00	External DCR	Adj Assoc Prof Audrey Looi, MD
	Endoscopic DCR (F)	Nuttawut Wanamkarng, MD
16.00-16.20	Dacryoendoscope and lacrimal duct tube placement	Assist Prof Akihide Watanabe, MD, PhD
16.20-16.30	Orientation to hand-on cadaver dissection	Preamjit Saonanon, MD

November 30th, 2017: Hand-on cadaver dissection, Cadaver Center, 4th Floor Padtayatana Building (General ophthalmologist)

Time	Topic
8.00 - 9.00	Periorbital filler injection
9.00 - 9.30	Live demonstration: how to design upper blepharoplasty
9.00 -12.00	Eyelid procedures - Upper eyelid blepharoplasty - Ptosis correction - Tarsorrhaphy - Epicanthoplasty correction - Entropion correction
12.00 -13.00	Lunch break
13.00 -15.30	- Lower eyelid blepharoplasty - Orbito-malar suspension and SOOF lift - Brow lift

December 1st, 2017: Hand-on cadaver dissection, Cadaver Center, 4th Floor Padtayatana Building (Ophthalmology resident)

Time	Topic
8.00 - 8.30	Live demonstration: how to design upper blepharoplasty
8.30 -11.00	Eyelid procedures - Upper eyelid blepharoplasty - Ptosis correction - Tarsorrhaphy - Tarsal Fracture - Entropion correction
11.00 -12.00	Lacrimal procedure - Lacrimal probing and irrigation - Punctoplasty - Canalicular laceration repair and eyelid margin repair - External DCR
12.00 -13.00	Lunch break
13.00 -15.30	Evisceration and Enucleation procedure

December 1st, 2017: Hand-on cadaver dissection, Cadaver Center, 4th Floor Padtayatana Building (OPRS fellow)

Time	Topic
8.00 - 8.30	Live demonstration: how to design upper blepharoplasty
8.30 -11.00	Eyelid procedures and anatomy dissection <ul style="list-style-type: none">- Ptosis correction and fascia lata harvest- Entropion correction- Lower blepharoplasty- Eyelid reconstruction procedure
11.00 -12.00	Lacrimal procedure <ul style="list-style-type: none">- Lacrimal silicone intubation- Dacryoendoscope- External DCR or Endoscopic DCR
12.00 -13.00	Lunch break
13.00 -15.30	Orbital surgery <ul style="list-style-type: none">- Orbital decompression- Repair fracture floor- Lateral orbitotomy- Optic nerve sheath fenestration
